ISUZU

Hyundai

Take a moment to look around on the streets of Aruba, and you will realize that everywhere you see, you will see a Hyundai!

This is no small feat. Hyundai only have a few years on Aruba. Yet, Hyundai vehicles stand proud as some of the most popular choices among Aruban customers. And there are reasons for it.

Hyundai vehicles offer consistent award-winning quality, unsurpassed affordability, and the solid support from Garage Centraal Aruba. Is that Hyundai commitment to quality and Garage Centraal Aruba's customer-driven service that have allowed Garage Centraal to rise as one of the top car dealers on the island of Aruba.

Isuzu

There are very good reasons why Isuzu is such a beloved brand among those that require durability and uncompromising quality. Isuzu provide the features you need to help drive up productivity while driving down your cost of ownership. Our engines are legendary for their power, economy and long life. Our frames accommodate a wide range of body applications. Our low-cab-forward design offers a wide range of advantages over conventional truck, pickup or cutaway designs.

Some people do not realize that Isuzu is the largest manufacturer of diesel powerplants in the world. The Isuzu engineers have created engines that combine total reliability with excellent fuel economy. This same level of excellence translates to its pickups and trucks.

Volkswagen

This German automotive manufacturing giant became in 2016 the largest automaker in the world with sales 10.3 million units. And it has maintained the largest market share in Europe for decades.

Volkswagen Group sells passenger cars under the Audi, Bentley, Bugatti, Lamborghini, Porsche, SEAT, Škoda and Volkswagen marques; motorcycles under the Ducati brand; and commercial vehicles under the marques MAN, Scania, Neoplan and Volkswagen Commercial Vehicles.

The company has operations in approximately 150 countries and operates 100 production facilities across 27 countries.
