## Hyundai

Take a moment to look around on the streets of Aruba, and you will realize that everywhere you see, you will see a Hyundai!

Hyundai vehicles stand proud as some of the most popular choices among Aruban customers. Hyundai vehicles offer consistent award-winning quality, unsurpassed affordability, and the solid support from Garage Centraal Aruba. Is that Hyundai award-winning commitment to quality and Garage Centraal Aruba's customer-driven service that have allowed Hyundai to rise as one of the top brands on Aruba.

## Isuzu

There are very good reasons why Isuzu is such a beloved brand among those that require durability and uncompromising quality. Isuzu provide the features you need to help drive up productivity while driving down your cost of ownership. Isuzu engines are legendary for their power, economy and long life.

Some people do not realize that Isuzu is the largest manufacturer of diesel powerplants in the world. The Isuzu engineers have created engines with superior reliability and durability. This same level of excellence translates to its pickups and trucks.

## Volkswagen

This German manufacturing giant became in 2016 the largest automaker in the world with sales 10.3 million units. And it has maintained the largest market share in Europe for decades.

Volkswagen Group sells passenger cars under the Audi, Bentley, Bugatti, Lamborghini, Porsche, SEAT, Škoda and Volkswagen marques; motorcycles under the Ducati brand; and commercial vehicles under the marques MAN, Scania, Neoplan and Volkswagen Commercial Vehicles. The company has operations in approximately 150 countries and operates 100 production facilities across 27 countries.

## Leapmotor

Leapmotor is a technology-driven intelligent EV company with a full suite of R&D capabilities.

Established in 2015 by a visionary engineer and entrepreneur with nearly three decades of expertise in electronics and AI technology, Leapmotor leverages proprietary technologies and innovative capabilities to manufacture high quality electric vehicles.

Leapmotor approaches automobiles as electronic products imbued with intelligent features and subject to rapid iteration, evolving from mere transportation into intelligent mobility spaces.

## GAC Motor

GAC Motor is one of the leading manufacturers in China. Dubbed "The Japanese Car Company of China" it started producing automobiles for the top Japanese auto brands, before adopting their manufacturing process and quality-first style for their own brand.

It has been recognized by top global auto reviewer JD Power and Associates in their Initial Quality Survey as the top auto company in china for 8 consecutive years, and its vehicles continually garner accolades and awards worldwide. And is now in Aruba with the solid backing of Garage Centraal as its official authorized dealer.

## ... and there is more!

Garage Centraal does never stand still. As part of our commitment to be at the forefront of the market trends we are always looking forward to new brands, that allows us to offers our customers whichever vehicle type they are looking for today and tomorrow.

This can be seen in the addition of Riddara, a electric pickup brand from renowned chinese automotive group Geely, as well as Sinogold, a maker of affordable electric sedan vehicles, all of these with Garage Centraal acting as officially authorized dealer, meaning complete factory support of warranty and service.
